

## **PUERTO MALDONADO**

### **RESERVA AMAZONICA 3 DAYS / 2 NIGHTS**

#### **DAY 1**

Welcome to Puerto Maldonado. Transfer to boarding wharf. Begin to experience the enchantment of the rainforest, as you take a 45-minute boat ride along the Madre de Dios River to arrive at Inkaterra Reserva Amazonica lodge. After a short briefing, settle into your beautiful cabaña and enjoy your lunch in the dining room.

Take a nap, followed by a refreshing tea time and get ready for the afternoon excursion. On your first day, we recommend a guided walk along the Trail system, into the Inkaterra Reserva Amazonica natural area, where you will discover the Amazon Basin. This trail offers an excellent introduction to the jungle environment, winding past impressive trees such as the Shihuahuaco, and the strangely beautiful strangler fig, offering excellent opportunities for bird watching and observing exotic insects. We also recommend on the first night our Twilight River excursion — a guided afternoon boat ride on the Madre de Dios river. Witness the transformation from a diurnal to a nocturnal world: animals and birds of the daytime give way to species specially adapted to the night. As you enjoy their paradise, you will learn about their habits, while you search for nightjars, owls, capybaras and big caimans.

Enjoy the dinner, served in the main dining room from 7:30 p.m. to 9:30 p.m. After dinner, you may retire early to your own cabaña, or join us to talk about your experience in the rainforest, as you listen to the intriguing sounds of the jungle at night.

Glide in a wooden canoe, across a beautiful, mirror-like oxbow lake that is home to the endangered giant river otter, as well as red howler monkeys, red-bellied macaws, anacondas, side-neck turtles and black caimans. Return to the Inkaterra Reserva Amazonica for lunch. After lunch, consider visit the remarkable Inkaterra Canopy Walkway and Anaconda Walk. Ascending the first tower, 29 meters above the forest ground, you begin your encounter with the treetop realm. During this hour-and-a-half expedition, be on the lookout for bright toucans, woodpeckers, trogons, monkeys and the three-toed sloth. If you wish you may extend your excursion and appreciate the sunset from one of the towers. After your descent from the Canopy, experience the Anaconda Walk for about 30 minutes along the 200-meter wooden bridge over the Aguajales swamps. In this lush eco system, you may observe the various species of amphibians, birds, mammals, abundant flora, trees and there is a possibility to see snakes of this flooded marshland.
